

W. Inscoe

Biography

In mythology, Echo is a tale of a nymph who fell in love with Narcis. She pined away everything she had until only her voice remained.

The voice of Echo isn't always heard with your ears, is sometimes heard with your eyes, but can always be felt in your heart.

The sounds of Echo, as expressed in her art, is a piece of her going out with it. From airbrush work or one-of-a-kind show cars, to a simple painting on paper, she shares herself. Since childhood, Echo has left pieces of herself behind to touch the hearts of others. From the Golden coast of the Pacific to the beautiful Appalachian mountains, the voice of Echo can be heard...
