Red House Farm

Artists: Elena Betke-Brunswick & Jamie Sweeney

Jamie and Elena created the print Red House Farm in the summer of 2012 after a trip to Maine. While traveling, they visited Elena's sibling, Will, who spent summers raking and winnowing low bush blueberries with the Hinkley family on their small organic farm in Waldoboro. Will is pictured in the winnowing shed, while Max the dog lounges in the grass and Bill carries a crate of newly raked berries from the fields.
