

Donna Griffin

Artist Biography

Donna Griffin is not only new to Burnsville, but is new to painting in acrylic. Inspired by her father, who was a tool designer turned artist, Donna promised herself that she would learn to paint when she retired. At the beginning of the pandemic, she read “During this time of quarantine and isolation, learn something new!” So she did!

Donna has a wide background in the arts. She has been a pianist for 52 years with a BA in piano. Donna has also trained with Rebecca Hnatiuk as a ceramic artist. Donna’s studio, Mud Puppy Pottery, will be opening in Burnsville this fall.
