

Janie Kinnane

Little Compton, RI

charlielou.com

Growing up on a coastal farm has influenced all aspects of my art, from life in the ocean, to life on the land. Mainly working in watercolors and acrylics, I began carving wood blocks in 2018.

Bumper

This 40H x 96W inch humpback whale print was among my first carvings. I thoroughly enjoyed my experience being a part of a Big Ink event, discovering a love for this medium has formed the direction of style for my artistic career.
